

LOGO MATS OUTDOOR MATTING

Thermal-Graphic Process

This rubber scraper mat, with powerful graphic capabilities, is perfect for any entrance. The images on these mats are produced by molding digitally printed thermal plastic graphics onto the Nitrile rubber mat.

The highly resilient Dirt Stopper scraper mat is ideal for heavy traffic areas. Its low profile and rugged rubber construction make this low maintenance mat perfect for any entrance. Cleated top provides extra scraping action while making a safe, slip resistant surface.

- **Non-Skid Backing**
- **Low Maintenance - Easy to Clean**
- **100% Rubber Construction**
- **Long Lasting**

Application:

Dirt Stopper matting is ideal for heavy traffic in outdoor entryways. Excellent for commercial establishments, retail, industrial entrances, schools, medical centers and office buildings.

LOGO MATS INDOOR/OUTDOOR MATTING

Colors

Inlaid Polypropylene

DEFENDER
polypropylene berber

These mats are designed to absorb moisture, scrape debris from shoes and promote clean, dry floors. The inlay technique provides an attractive and lasting impression. Logos created in this mat are produced by using an inlay technique. Each logo element is cut from the same mat material and then individually placed into a base mat to form the desired image or logo.

Made for high traffic applications, this mat offers something for everyone! The needle punched Berber design, creates an eye-catching appearance with proven ability to last longer in heavy traffic areas than other mats. Defender may be utilized outdoors in covered entrances.

- High/low Berber pattern provides excellent scraping action
- Designed with superior anti-static characteristics
- Heavy-duty composite rubber backing means long lasting performance
- Resistant to mold, mildew and stains

Application:

Defender matting is ideal for heavy traffic in indoor or covered outdoor entryways. Excellent for commercial establishments, retail, industrial entrances, or anywhere moisture and dirt can be tracked inside.

Ink Jet Dyed

These mats combine elegance, durability and functionality. Images are applied using an injection dye process where the carpet fibers are permanently dyed in the desired image. This process creates permanent images on a commercially launderable product.

This plush, solution dyed, absorbent nylon mat is sure to make a great first impression! Made with twisted nylon loop, this mat prevents dirt and moisture from ever reaching interior floors, as traffic enters your building. Rubber backing is made from 20% recycled material.

- Solution Dye Nylon Surface
- Cleated Rubber Backing
- Stain and Fade Resistant
- Absorbs Moisture

Application:

SureStep matting is ideal for medium to heavy use in entryways to schools, hotel lobbies, grocery stores, hospitals, or anywhere moisture and dirt can be tracked indoors.
